

Would you have kept your child off school before Covid?

YES

NO

Keep your child off school.

Your child and household must all isolate until you have a test result.

You can [book a test on the NHS website](#). (Please note your GP cannot arrange the swab)

If you do not have internet access, please dial 119

More information on the Test and Trace system can be found on the [‘NHS Test and Trace: how it works’ page on the gov.uk website](#).

Do they have any one of:

- A high fever (Over 37.8°C as measured with a thermometer)
- A new continuous cough (Persistent and regular cough)
- Loss or change of taste or smell

YES

NO

Does your child have any underlying health condition that means:

- They are normally offered a flu vaccine
- They were classified as high risk for shielding

YES

NO

Contact your GP, visit [www.111.nhs.uk](http://www.111.nhs.uk), or call NHS 111.

Kids who are otherwise well

- Runny noses
- Sore throat without high fever
- Simple colds

Can go to school as usual.
